## What is Yoron Island?

**Location**  
Just 40 minutes from Okinawa

A southern island fringed by coral reefs and world-renowned for its stunning seas

Yoron Island is surrounded by world-class beautiful seas and vast coral reefs. This island is located just 25km from northern Okinawa and is easily accessible from Okinawa, Kagoshima, and Amami Oshima Island. Enjoy the breathtaking scenery of Yoron Blue seas shimmering in the sun and white sandy beaches.

Witness the breathtaking beauty of Yoron Island at least once in your life.

Yurigahama Beach, a pristine white sandbar that emerges during low tide

Each year, low tides reveal a breathtaking spectacle from spring to autumn—a pristine white sandbar only visible during the neap to spring tides. The sea surface sparkles in the sunlight, and the combination of the white sandy beach and the emerald green sea creates a paradise on Earth. It's a breathtaking sight that can only be seen on Yoron Island.

## RESTAURANT

We offer dishes that utilize seafood and local ingredients. Our restaurant has ample sofa seating, allowing you to enjoy your meal while gazing at the Yoron Blue sea and sunset through large windows.

Piki is a robatayaki (literally "fire-side grilling", a method of cooking similar to barbecue) restaurant that was renovated and reopened in April 2023. We offer fresh seafood caught off the coast of Kagoshima Prefecture, charcoal-grilled Kibimaru pork, and set meals. We also have tatami seating, allowing families with small children to relax and enjoy their meals.

Beach Cafe Paradisos offers a panoramic view of the Yoron Blue sea. Relax and unwind at this café located along Sunset Beach while enjoying the expansive ocean through the large windows.

Enjoy a sunset barbecue while watching the sun sink into the horizon. Savor your meal in an exotic location as you feel the sea breeze.

## ACTIVITY

To make your stay more enjoyable, we offer a variety of activities. From marine activities to enjoy the Yoron Blue sea, to crafts popular with families and land rentals, there are various styles of activities to choose from.

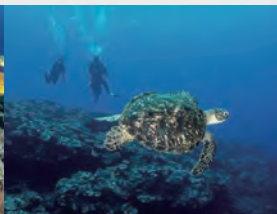

### Sunset Beach

At Sunset Beach, located along Kanebo Beach directly connected to the hotel, there is a designated swimming area where you can enjoy various marine activities. In the evening, you can witness the sunset sinking into the horizon.

### Activities

There are plenty of field activities to enjoy, such as SUP and windsurfing at the beach, cruising, and stargazing in Yoron. Both adults and children can have a day of non-stop fun.

### Diving

From introductory diving to fun diving, we guide you to the diverse spots surrounding the island.
